

SAM HO work being completed for inclusion in the Portfolio is substantially the work of the student. The work is reviewed and accepted. There is no "boilerplate" or "template" for a Portfolio. Each Portfolio has its own contents depending on the requirements established by the Portfolio Committee."

The first step a student should take is to meet with a faculty member who has expertise in the area of the student's primary research interest. Once the student identifies a faculty member who is willing to serve as Portfolio Chair, the student should discuss with this/other potential faculty members who also serve on the Committee. Ascertain if they are willing to serve.

Download the form from the CJ website called "Portfolio Committee Establishment Form," and submit this form to the CJ Graduate
