
New GIS Master's Degree Track

In fall 2019, a new track for the Geographic Information System (GIS) Master's degree will be available. Here's what you need to know:

The degree is completely online to make it more available to anyone interested.

The new track is targeted towards those who have 2-3 years of work experience in the GIS field.

No GRE is required.

Students admitted into the new track will be required to complete 36 credit hours.

The degree can be completed in 24 months with only 2 classes per track consists of new and exciting classes, such as Ethics in GIS Management, GIS Model Builder, GIS Programming, GIS Web Applications, and GIS for Professionals.

Even if you have taken a break from a GIS career, but have the relevant experience, you are eligible to enroll.

The instructors for these classes include

Dr. Samuel Adu-Prah, Dr.

Mark Leipnik, Dr. Falguni Mukherjee, and Dr. Gang Gong.

For further information, contact Dr. Falguni Mukherjee, she is always available to answer any questions or concerns you may have. You can contact her at fsm002@shsu.edu or visit the department website at <https://www.shsu.edu/academics/geography-geology/gis/index.html>
