

Blind and Deaf Waiver

Under Section 54.205 of the Education Code, this exemption covers students who are either legally blind or deaf. This waives all tuition and fees (general property fee included), for the student's academic career, undergraduate and graduate school. The student is to provide the Bursar's Office with a letter from the Texas Commission for the Blind or the Texas Commission for the Deaf and Hard of Hearing. The student needs to bring the letter to the Bursar's Office after they register for their first semester at SHSU. Once we receive this letter from the student, the letter is good for the student's entire academic career and we will apply the waiver to the student's account. **Still, after the student registers each semester, it is the student's responsibility to let the Bursar's Office know that he or she is registered and the waiver needs to be applied to his or her student account.**

Requirements:

- Legally Blind or Deaf
-
