

What is your biggest pet peeve?

F. Certify Meeting Minutes

9/26

Moved: Connor

Second: Jared

Unanimous pass

G. Guest Speaker Student Health Center

in the library.

The single vending machine will not be a discrete-screened machine.

- They went with this vending machine to be cohesive with the other machines in the library.
- They did not want it to be so discreet so people would know that the product is available and to bring awareness to the machine!
Also, to educate the public.

Makes it easier for people to not have to go to see a physician in order to get a birth control prescription.

The SHC has not thought of putting up a pamphlet or bracket to figure out which product to use they like the idea and will be looking into it.

Products will not be free in the machine! Prices will reflect store prices.

Payment will be via credit/debit card, ApplePay, and so on.

Initial shipment of products price for the vending machine are unknown to the speaker. She does not have access. But the products will be covered by the SHC.

- Looking into getting a grant to ease the costs possibly.

The SHC would like to task SGA with spreading the word about the vending machine and letting the SHC know of any feedback.

There will be no tuition increase because of the vending machine.

B. University Affairs Director Hernandez

University affairs meets on Wednesday at 4pm on zoom.

Google sign up is completed and will be posted in the GroupMe after the meeting.
