Hispanic serving. Senator Kohers suggested that we put this issue before the Enrollment and Retention Committee that has been formed by the Provost.

Cassidy distributed a report on the university becoming Green Friendly. To start, the Newton Gresham Library would like to curtail free printing by students. The Library also prefers in future to have students submit digital theses rather than bound. The Senate unanimously approved these suggestions, but not the entire Green Friendly proposal.

Cassidy raised the issue that had been brought to her committee the van for the van pool. The university entity that had been paying the \$600 fee for the parking space for the van pool van is no longer able to pay. The Senate unanimously approved that the university find other funds to pay this fee for the van pool van.

There was a discussion regarding the Green Friendly proposal. Senators generally approved of the
