

SAM HOUSTON STATE UNIVERSITY

Instructions to Apply for Active ORP and TSA Vendor Status

Sam Houston State University (SHSU) reserves the right to change the vendor regulation requirements at any time.

If you wish to offer your retirement products to SHSU employees, please review the following instructions. Since SHSU reserves the right to revise this document on an ongoing basis, you are required to use the most current version or your application packet will be rejected and you must reapply during next year's application period.

SHSU vendor regulations for the Optional Retirement Program (ORP) and Tax Sheltered Annuity (TSA) Program are available on the SHSU Human Resources web site at <https://www.shsu.edu/dept/hr>. You will need to print and review vendor regulations, as all forms and instructions necessary to apply are included in this document.

Please note that there are separate vendor regulations for the ORP and TSA retirement programs. However, vendors are required to offer both ORP and TSA programs.

The following is the schedule for the vendor application and approval process.

October 1 – October 31: Applications for certification will be accepted. Applications will not be accepted at any other time of the year. Certification to the vendor regulations and submission of attachments is required before your company can be considered for approval as an active vendor with SHSU.

November 1 – November 30: Applications will be reviewed.

December 15: Vendors will be notified in writing of the status of their application. Vendors that are approved will become active effective January 1. Solicitation of business is not permitted until the written approval notice from our office is received.

January 1: List of active vendors will be posted on SHSU website.

Your response must include the information listed below and you are required to provide each item behind a numerical tab corresponding to the item number as listed. Submit only the items requested below. Submission of an incomplete application packet will create processing delays and may result in denial of active status.

SAM HOUSTON STATE UNIVERSITY

Instructions to Apply for Active ORP and TSA Vendor Status
