COLLEGE OF EDUCATION

Dr. A. Jerry Bruce, Interim Dean

The administration, faculty, and staff of the College of Education wish to congratulate each of you on a job well done. We thank you for allowing us to be a part of your life for this brief time and we share in your joy and pride at the completion of your bachelors, masters, or doctoral degree. We recognize that the accomplishment of this milestone required commitment and discipline and that, in most cases, not only you, but also your family, have made great sacrifices along the way.

Most of you will be pursuing a career in the teaching profession, one of the most important professions in our nation. We commend you on your choice. The future of our state and nation depends on the education of our children and you are to play an important role. The countless hours you spent in preparation during your time at SHSU are a testament to your commitment to the future health of our culture. We sincerely hope this commitment continues to characterize your life, as well as your profession.

John Adams, the second president of the United States, pointed out that "there are two types of education. One should teach us how to make a living. The other should teach us how to live." We in the College of Education have endeavored to ensure that you have not only the skills necessary for success in making a living, but also that you are prepared to live well and to have a positive impact on those around you as well as on your community. Your integrity, compassion, and willingness to serve others are certain to enhance your career and your life. Again, we offer you our sincere congratulations and best wishes in your future endeavors.

Dr. A. Jerry Bruce, Interim Dean

COLLEGE OF HEALTH SCIENCES

Dr. Michael Lacourse, Dean

On behalf of the faculty, staff and administration of the College of Health Sciences, I wish to congratulate you for this achievement and significant milestone in your professional life. We are proud of your accomplishment and are confident that the knowledge, skills, habits, values and attitudes acquired at Sam Houston State University will provide you with the foundation necessary for a successful career in the health sciences.

The demand for health sciences professionals across our nation and globally continues to rise and the importance of earning a university degree for entry into this dynamic profession has never been greater. You will be entrusted to promote good health and fitness habits to a progressively diverse population, promote the value of sport in an increasingly commercialized world or provide quality healthcare as a caring and compassionate professional. Your responsibilities will be great, but you are ready!

T.S. Eliot wrote, "In my end is my beginning". Commencement marks the end of your formal university education, and the beginning of your professional life. That life will be filled with many challenges and opportunities to impact the lives of others. Your advancement and success in the health professions will require a lifetime of learning and we believe you are well-prepared for that journey.

With Commencement you join the thousands of Bearkats who have come before you and who have left their mark on society. The value of your education from Sam Houston State University will be measured not by whether you have earned this degree, but how you use the degree to impact our world. We wish you great happiness and success and hope to see you again in the classroom. Congratulations!

COLLEGE OF SCIENCES

Dr. John B. Pascarella, Dean

On behalf of the College of Sciences, I extend congratulations to you on your significant accomplishment of completing the requirements for graduation. This is a milestone in your life and an achievement in which you can always take pride.

The College of Sciences incorporates the philosophy of a liberal arts education with the training for a position in the scientific community. Thus, your education provides you with the skills of critical thinking and the understanding of diverse cultures along with the knowledge of your scientific field. You are well equipped to leave Sam Houston State University and become a valuable professional in our society. As you further your career as a scientist, mathematician, or teacher, you will take with you the knowledge, experience and history of this University. I am sure that you will use this association well and continue to enhance the reputation of our institution.

It is with great pride that the College of Sciences and Sam Houston State University confer upon you a degree. You have earned this recognition because of your hard work during your academic program. With this degree you can now enter the next stage of your life. In this endeavor I wish you success and happiness. You are now a professional representative of the College of Sciences and I am sure that our reputation is in good hands.

Dr. John B. Pascarella, Dean
