## How to Register - Not College Ready in Reading, Writing, and Math

This how-to register guide is for students who have TSI scores on file, but are _not college ready in Reading, Writing, and Math._ Students who are not college ready need additional developmental courses for both Math and English. Students should have their degree plan available with notes from the advisor indicating which courses the student should register for.

Math 1314, 1324, and 1384 have linked Math N0 sections. For example, Math 1314 section 80 is linked to Math N014 section 01. Students must register for their Math and Developmental Math as well as their English and Developmental English courses together, before registering for the rest of their courses.

1. In MySam in the Registration Tab, click Bearkat Registration Dashboard within the box.

2. Select

If the _____ button is grayed out, you will need to take care of any outstanding items, prior to accessing registration.

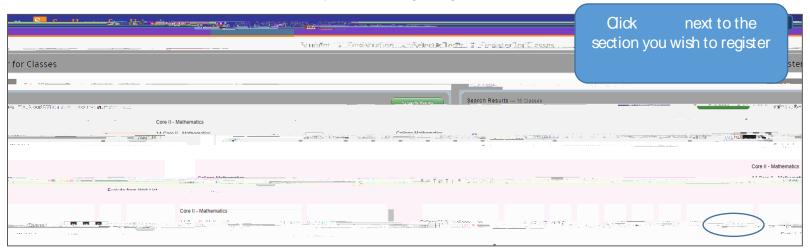

3. Click _____ to access the registration portal.
